

PARKING IN PRAGUE

Hello, in this document you will find:

1. A description of parkings in Prague we recommend
2. A table with:
 - recommended parkings by apartment
 - directions to get from parking to your apartment by public transportation
3. Parkings signs in the streets in Prague 1, for example to get your luggage to the apartment

Warning: we do our best to help you with this information, but anyway having a car in Prague center is a useless pain. By leaving it outside, you will risk getting your car stolen or getting fined; parkings, on the other hand, are expensive. Our apartments are greatly located so that you can enjoy all by walking... When comparing car and low-cost airlines, do not forget to take parking fees into account.

!!!Prices are indicative and may change!!!

3. Stopping in the streets in Prague 1, for example to get your luggage to the apartment – a few examples:

Authorized from 8h to 18h from Monday to Saturday by paying a fee to the machine, authorized and free the rest of the time.

Forbidden (see also the blue lanes on the floor); it is better to have someone watch the car while discharging the luggage because stopping can be tolerated but not parking.
